## Childbirth

like an encircling cobra squeezing breath,  
or back-wrenching, medieval rack,  
my baby's cocoon signals  
time to move on  
and drops its restless guest  
into a small, but daunting, canal—  
circular, can-tight,  
moulding the head—  
as skull bones overlap  
easing passage to first light,  
and my warm, awaiting breast.
